

The Daily Gazetteer

MONDAY, JUNE 16, 1740.

No. 1555.

Saturday arrived the Mail due from Holland, and
Monday from France, and another from Flanders.

Petersburgh, May 24. N. S.

OME Advices from the
Frontiers of Turkey say, that
Ali Basha at his Return to
Constantinople, was put to
Death upon the Road by
Order of the Ottoman Porte,
but that he sold his Life
dearly, having with his own
Hand kill'd no less than eight
of the Persons that came to

der him. This was the Basha that commanded a
ate Body near Chocim.

Expells from Persia arriv'd at Court some Days
ago, 'tis said, among other Particulars has
gint Advice, that Kouli Kan was arrived at Ispa-
from his Expedition against the Great Mogul;
he had augmented his Army with 60000 Men,
caused it to be new cloth'd; and that 'twas re-
ed, that as soon as he return'd, he had order'd
Remnant of the unfortunate Family of the ancient
to be exterminated. We hear by the same
rier, that several Persons perish'd with the Cold
Winter in Persia, which is a Thing that never
en'd in that Country.

B. In one of the Foreign Papers by this Mail
is an Article from Smyrna very much to the Dis-
tantage of Kouli Kan; but 'tis related with such
ious Circumstances, and the other Papers are so
about it, that it seems not to deserve the least
it.

enna, June 8. N. S. The Night before last the
Princess of Lorraine, Daughter to the Great
of Tuscany, dy'd at Laxembourg. They write
Constantinople, that Kouli Kan was already ad-
ed to the Frontiers of Asia with a formidable
y, which had put the whole Divan into a Con-
ation. They add, that as this Persian Conqueror
passing his Army over the River Indus in his Re-
from Indostan, one of the Bridges broke loose,
which a good Number of his Soldiers and Baggage
lost; but this needs Confirmation.

Madrid, May 3. N. S. Tho' the Talk of besieging
mahone is over at present, yet Orders are gone
to the War-Office to Barcelona, to send over six
iments more to Majorca. There has been a par-
lar Conference at Aranjuez for some Days past,
erning certain Proposals for a Peace between this
r and England, but it does not appear that any
is settled; the rather because this Court is
ly resolv'd not to comply with the Demand of the
ish as to the Navigation in America, unless it be
Emends for it by some real Advantage. As the
adrons which sailed from Cadiz and Ferrol went
farther than a certain Latitude, and return'd
wards to Ferrol, 'tis said they are speedily to go
some Expedition to Europe; and 'tis even re-
ed, that Ships are to be again taken up in the
of Galicia and Biscay for an Embarkation of
00 Men. It is publicly given out here, that a
go is form'd against Scotland or Ireland, unless
Blow be averted by some happy Overture of
ce.

lution, May 17. N. S. As M. de Chavigny the
ch Minister coming hither from Madrid is vested
the Character of Ambassador, the King of Great
in, in order to prevent any Dispute about the
emonial, has also been pleas'd to honour the Lord
wly with the same Character. As the King of
is likewise sending an Ambassador to this Court,
another will speedily be going from hence to
Court of Madrid, the Nomination and Dispatch
all these Ministers at the present Juncture occa-
Speculation; and it is surmised that a Negoci-
will be set on Foot here for an Accommodation
ween Great Britain and Spain, by the Mediation
his Portuguese Majesty.

Paris, June 22. N. S. The Court has caused 19
of War to be equipp'd at Breff; viz. four of 74
ons, three of 70, 2 of 66, one of 64, one of 60, two
of 50, one of 42, two of 40, one of 36,
one of 32 Guns. Some of the Captains are actu-
on Board; but tho' the Squadron is ready for
ing, 'tis certain that there is no Order given as yet
Departure.

Berlin, June 14. N. S. On Sunday last his Prussian
Majesty came to Town, and after having assisted at
Divine Service, he received the Compliments of all
the foreign Ministers, upon his Succession to the
Crown. They were afterwards magnificently enter-
tain'd at Dinner, a Table of 20 Covers having been
expressly prepared for that Purpose, of which M. Pu-
dewitz was appointed to do the Honours. The same
Day M. Munchausen had his first Audience of his
Prussian Majesty. Yesterday the foreign Ministers
were admitted to pay their Respects to the Queen,
and this Morning they did the same to Prince Wil-
liam, Prince Henry, and Prince Ferdinand, his Prus-
sian Majesty's Brothers. The Queen Mother will
not receive any Compliments till the Funeral be over.

To-morrow being the Day fix'd for the Ceremo-
nies of the Interment of the late King, his Funeral
Sermon will then be preach'd in all the Churches of
this Country. The Text is to be, *I have fought a
good Fight*; a Portion of Scripture that his Majesty
chose himself on the Day of his Death, which he met
with great Resolution as well as Resignation; for on
that very Day he saw his Guards mount on the Pa-
rade, and sign'd several Letters. Towards Noon,
finding his Hour of Dissolution at hand, he sent for
all his Domesticks, to whom he order'd the New
Cloaths to be distributed that he had not worn, gave
his Blessing to the present King and all the Royal Fa-
mily, and being told by one of his Surgeons after feel-
ing his Pulse, that it had but a very short time to
bear, he rais'd his Voice and said, *Vanity, Vanity, my
God, deliver me quickly*; *Let us pray and sing*; and be-
fore the Prayers were over, he gave up the Ghost.
On the 1st Instant, when his Corpse was open'd to be
embalmed, there was a great deal of Water found in
it, his Lungs and Liver were found ulcerated, two
Stones of the Bigness of a Nut were discover'd in his
Bladder, and there was a Polypus as large as a Pig in
a Cavity under the Lungs. After this the Corpse was
dress'd in the best Regimental Habit that he wore,
and was put into an Oak Coffin which he had caus'd
to be brought into his Chamber two Days before he
dy'd. On the 11th it was deposited with a few Cere-
monies in the Tomb of Alabastre which his Majesty
caus'd to be built several Years before his Death in
the Church of the Garrison at Potsdam. The Order
for the Court Mourning is, That the Princes of the
Royal Blood shall wear black Cloth with three But-
tons only before; Weepers on the Top of the Sleeves
both of the Coat and Waistcoat, Shamay Shoes, black
Buckles and black Sword-knots. Their Coaches, Cha-
riots, &c. are to be in Black, without Arms on them
for the first six Weeks, and their Domesticks are also
to be clothed in Black. The Mourning of the
Princesses of the Royal Family is to bear a Proportion
with that of the Princes. The Ministers of State and
the Lords and Gentlemen of the Court are to be clad
in black Cloth like the Princes, but they are to wear
their Weepers at the End of the Facing of the Sleeves,
and their Domesticks and Equipages are to remain in
Colours. All those who, not being Nobles, are in
the King's Service, are likewise to be dress'd in Black,
but without Weepers. Foreign Ministers are to be at
liberty to come to Court with Mourning or without it.
The Baron de Pollnitz, who is declar'd Grand Mas-
ter of the Ceremonies, will at the same time perform
the Function of introducing the foreign Ministers.

The King, in order to relieve the Subjects of the
Duchy of Cleves, has sent Orders to lower the Price
of Corn there, particularly of Rye. 'Tis said, that
by the Accounts given to the King touching the
State of his Finances, they amount to near 50 Mil-
lions of Crowns. We have Advice that the Veldt-
Marshal Prince of Anhalt Dessau is arriv'd at his
Residence of that Name. Orders are sent to recal
the Officers employ'd in lifting Men, and they have
been assur'd that what Expences they have been at in
raising Recruits shall be made good to them. His
Majesty, who has under Consideration several new
Regulations which will shortly be published, proposes
to accommodate some Differences subsisting between
his Family and some other States in an amicable Man-
ner. Last Sunday about 6 o' Clock in the Evening
his Majesty set out again for Charlottenbourg. He
will be here again on the 17th, to receive the Oath
and Homage of the Inhabitants of this City. The
Baron de Bork and M. de Poddewitz, who were Mi-
nisters and Secretaries of State in the late Reign, are

to be continued in the same Functions. The Queen
Dowager has receiv'd a most affectionate Letter from
her Brother the King of Great Britain, upon account
of the late King's Demise.

Hanover, June 3. O. S. A Gentleman is arriv'd
here from the Court of Prussia, to congratulate his
Britannick Majesty on his happy Arrival in his Ger-
man Dominions, and two Days ago there were Pub-
lick Thanksgivings to God for it in all the Churches
of this Electorate. They talk of an Alliance con-
cerning betwixt his Majesty and the Protestant States
of the Empire. This Court went into Mourning two
Days ago for the Death of the late King of Prussia:
His Majesty wears Purple, and the Court Nobility of
both Sexes Black; the Ladies wear Black Silk, but
no Lace, the Gentlemen wear Weepers. It is said
by some that his Majesty will have an Interview with
his Sister the Queen Dowager at Gorchde, but by
others that she will actually come hither, and it is
believed that some Matters of Importance will then
be treated of. Provisions are now brought hither
from Bremen in little Vessels upon the River Leine,
by a Navigation which was never thought of before,
and which would not have been attempted now, had
it not been for the late hard Winter, which makes
good the Proverb, *'Tis an ill Wind that blows Nobody
Good*. His Majesty and the whole Court went out of
Curiosity to see the first Vessel come in, and made the
Master of it a handsome Present, who saluted his
Majesty with 8 Small Guns that he had on Board.
The Leyne is a River that comes from the Aller.

Utrecht, June 9. O. S. The Princess of Hesse-
Cassel having landed two Days ago at Helvoetsluis,
lay that Night at Rotterdam, where her Royal High-
ness was met by Mr. Trevor, and last Night she came
hither in a Yacht, accompany'd by the Duchess of
Dorset, M. Doney, M. d'Alt Secretary to the Swe-
dish Embassy, and M. Schmerfeld Secretary to Prince
Frederick of Hesse. Her Royal Highness having
lain at the House of M. Pouchoud the King of Great
Britain's Agent, will set out to-morrow for Arnheim,
and thence proceed to Cassel; from whence we hear,
that his Most Serene Highness the Prince of Orange
was set out for Dillenburg; but that he propos'd to
return to Cassel, as soon as heard of the Princess's
Arrival there.

The most Noble ELIXIR
For Hypochondriack Melancholy in
and the Hysterick Disease or Vapours
Women.

IN three Days Time demonstrates
Every one who takes it, that it is absolutely infallible in thorough Cure of those perplexing Indispositions, even the highest and most grievous Degree, where nothing but the reigns, where Reasoning is interrupted or deprav'd, and the Mind is confus'd with terrible Perturbation, Anxiety, Despondency, even to Distraction, and the Body afflicted with almost innumerable Ailments.

'Tis surprising to see how soon this CELEBRATED ELIXIR, (even a few Doses of it only) entirely cures the vast Variety of Symptoms, and induces a new Train of pleasant Ideas, instead of those deep and black Thoughts those direful Apprehensions that so sensibly dwell upon the soul, clouded the Understanding, and destroy'd all the ever receiving Comfort again, for it occasions a Flow of discharg'd Spirits, and causes bright Gleams of Joy to break upon the Heart, and chase away the whole Load of desponding melancholy Imaginations so effectually, that the Patient is reliev'd both in Body and Mind, and now enjoying perfect free and lively Spirits, steady, serene, and gay; as much amaz'd that they could be chain'd down to such a Way of Thinking, such dreadful Fears, and dark humors as before, they were hopeless of ever getting free from it.

In a Word, the Effect of this NOBLE ELIXIR is suddenly and infallibly curing HYPOCHONDRIACK MELANCHOLY in Men, and the HYSTERICK DURESS or VAPOURS in Women, in all their Shapes and Degrees, even after all other Remedies have proved fruitless, expressible, as the vast Numbers of both Sexes who have perfectly cured by it, with the utmost Satisfaction declare.

It occasions no Manner of Disorder, is pleasant to the Drops of it are a Dose, and is to be had only at Mr. R. Toyshop, at the Rose and Crown, against St. Clement's Yard in the Strand, at 5 s. a Bottle, with Directions.

For the immediate Cure of BARRENNESS
WOMEN, tho' of many Years Continuance, and proceeding from what Cause soever,

And also of
IMPOTENCY in MEN, however occasion'd, and so long standing,
The Famous and Inestimable
PROLIFICK ELIXIR
The highest, richest and most powerful Cordial is recommended,

BEING the only true and infallible
For BARRENNESS in Women and IMPOTENCY in the Universe, and which it at once accomplishes without least Trouble, even after all other Remedies have failed. Thousands have experienced, and that by promoting the full Curricule of the Blood and Juices, raising all the from their languid, depressed State, to one more lively sparkling, opening all Obstructions, fortifying the encreasing the Animal Spirits, restoring a Juvenile Habit, and evidently replenishing the crispy Fibres of the Habit, with a generous Warmth and balmy Moisture, thereby invigorating it to such a Degree as not to be but by those who have experienced: how exceedingly fitly it renovates, recruits, and powerfully strengthens Animal Faculties, and Generative Powers in both Sexes. Inspires Mirth and Gladness of Heart beyond Expectation, abundance of Ladies, who for several Years were deemed really Barren; have after twice taking it; conceived and come Fruitful; and great Numbers of Gentlemen, who fast living, or otherwise, had render'd themselves incapable Procreation, have soon been enabled by it to propagate Species, inasmuch, that very many illustrious Families, for want of Children, were almost inconsolable, are now with happy Issue, and are (under Providence) indebted Great Medicine for their Heirs. It rectifies all Disorders of the Stomach, creates an Appetite, procures a good Digestion, and in all Weakness of Body, or Decay of Constitution, is a most infallible Restorative, and even keeps the Effects of Old Age itself. It is to be taken in Drops at a Time, has a very fine Flavour, is pleasant to the Palate, Cordial to the Stomach, and can be had only at Two Blue Posts in Haydon-Yard in the Minories, at 5 s. a Bottle, with Directions.
